

# Wolf's Rain, Stray

In the cold breeze  
That I walk around  
The memories of generation burn within me  
Been flower  
since I've cried the pain of sorrow  
I'll live and die the pride that my people gave me  
I'm here standing on the edge  
And staring up and where a new moon should be  
Ooohhhh  
Stray  
No regret cause I've got nothing to lose  
Ever stray  
So I'm gonna live my life as I choose  
Unilt I fall  
Stary  
In the whife freeze  
Never spoke of tears  
Or opened up to anyone including myself  
I would like to  
Find a way to open to you  
Beem a while, don't know if i remember how to  
I'm here waiting on the edge  
Woud I be all right showing myself of you  
It's always been so hard to do  
Stray  
No regret cause I've got nothing to lose  
Ever stray  
So I'm gonna live my life as I choose  
Unilt I fall  
Stray  
Is there a place waifing for me?  
Somewhere that I belong  
Or will I always live this way?  
Always Stray  
No regret cause I've go nothing to lose  
Ever stary  
So I'm gonna live my life as I choose  
Cause all things fall
