

Wolf, Steelwinged Savage Reaper

See that drunk girl speeding down the street
A furious rider of death
Acceleration fast devastation
Potential assassin on wheels

A firebird of steel in the speed of light
Flying like a dagger through the night
Blood-stained windshield flee out of sight
Leave him behind no remorse let him die

Steelwinged savage reaper
Face of destruction and danger
Steelwinged savage reaper
Man-eating killing machine

Roaring thunder, sirens wail
High-speed pursuit is grabbing her tail
Fire and brimstone, evil heat
Racing with death in the passenger seat

Firebird of steel in the speed of light
Flying like a dagger through the night
Bullets and sirens, asphalt and rain
Live fast, die in flash of a flame

Steelwinged savage reaper
Face of destruction and danger
Steelwinged savage reaper
Man-eating killing machine
