

Wolfsheim, Underneath The Veil

Sand to sand... dust to dust...

Do I know whom to trust?

Do I know what life could be?

I know what I've seen!

Promises almost kept...

Everything that you once said

Seems to be just a lie

But might is right!

Underneath the veil... I saw a stirring... underneath the veil...

It may come out of the blue

Unbelievable but true

All and more than you could fear

Has happened here

I'll show you what it's like

Standing on the other side

But on the way to the end

I'll hold your hand...

Underneath the veil... I saw a stirring... underneath the veil...

Look at yourself and the comfort you live in

You know what you've got when you know what you've given

To the silence... when there's nowhere else to go but...

Underneath the veil... I saw a stirring... underneath the veil...
