

# Womack Lee Ann, If You're Ever Down In Dallas

Well, I'm sure Fort Worth has seen it's share of heartached  
But it's plain to see your heart's not broken now  
You're in love with someone new and up on top of the world  
You say you've seen the last of the lonely side of town

(Chorus)

But if you're ever down in Dallas, darlin'

Wonderin' what to do

Just call on me, 'cause I've been there too

Maybe I could help

&quot;Cause I know so well how it hurts to lose at love

If you're ever down in Dallas, look me up

Well, I gave up on our love and left you cryin'

But there's times we all make choices that we regret

So if you wind up lonely 'cause you've made the same mistake

I can take you all the places a fool goes to forget

(repeat chorus)

If you're ever down in Dallas, look me up
