## Wonder Stuff, Play (2:46)

Play, I only ever saw it as play, I didn't think that's what they'd say. No, I never wanna hear that again. I used to have paper and pen, I'd write it down time and again, and I'm never gonna do that again. All those thighs I said, I only said them in jest, (my God what a mess), I said all of those things to you, and now there's very little left, and I'm never gonna do that again. Rain, I hate getting caught in the rain, I hope it doesn't happen again, No, I never wanna get caught again. I used to think drinking brought shame, but a bottle of wine I would drain, yeah, I bet I'm gonna do that again.
