

Wondermints, Carnival Of Souls

(N.Walusko)

You hang around those people like you really care.

Since when have you just been all by yourself?

Not everybody's someone else,

And it's not enough to let them be like you.

It's good to see you. Nice to see you. Hi hello.

I don't believe, don't believe you have to go.

So nice to see you. Good to see you. Hope you're
doing well.

I guess I'll leave you to your carnival of souls.

No matter what the score was, always you're the best.

So good at simplifying all the rest.

But now you're asking for some help,

And who knows what to do?

(chorus)

I won't deceive you like your carnival of souls.

All of the time, there's no one,

And now there's someone else.

You're dressed in black because it's safer dead.

Oh satisfaction holds you in your electric chair.

You threw the switch and all the guilt was spread,

For who's behind is now ahead

And it's gonna be just you against you.

So nice to see you. Good to see you. Hope you're
doing well.

I'm gonna feed you to your carnival of souls.

Good to see... Nice to see... what to do.

Just don't believe it... Don't believe it's not the truth.

So nice to see you. Good to see you. Hope you're
doing well.

I've got to leave you to your carnival of souls.

I don't care.
