

# Wonderwall, Dear Lifetime

Dear Lifetime

Dear Lifetime

Listen to me

Are you standing, waiting for me?

Are you running, will you follow me?

Dear Lifetime

Answer me

What will remain of us?

Remain of us

Chorus:

I won't turn around, I will wait

I can run away, I will stay

Was I born with loneliness to die?

Was I born with loneliness to die?

You've died before

And you nestled in against

Against my chest

I feel ashamed, you sound so cold

I feel ashamed, your blood is old

Chorus

I laid down my soul so you could see

I had no identity

I drowned in my homemade loneliness

And died of the thirst of my selfishness

Chorus

Dear lifetime, dear lifetime, dear lifetime

Chorus

You sound so cold, I feel ashamed

Your blood is old

Dear lifetime, dear lifetime, dear lifetime, dear lifetime
