

# Wonderwall, I Want You Babe

what's up my boy  
that I feel so lonely today  
what's up my boy  
I had to start all over again

but stay on what you just said to me  
and wipe that grin of your face boy  
I feel this pain is everywhere  
and all your words, oh it hurts boy

Ref.: I want you babe and I need you babe  
stay that night  
Im crying babe and I love you babe  
hold me tight

oh baby, it hurts that much...

what's up my love  
my wild fancies have all been pushed home  
what's up my love  
I don't get a wink of sleep

I feel my heart but I've lost my body  
I curl my lips at your dirty words  
I put it down to ignorance  
but that hurts even more

what's up my love - ooooooh  
what's up my love

Ref.

oh baby, it hurts that much...  
hey - what's up
