

# Woody Guthrie, Ladies Auxiliary

Oh, the Ladies' Auxiliary  
It's a good auxiliary  
The best auxiliary  
That you ever did see  
If you need an auxiliary  
See the Ladies' Auxiliary  
It's the Ladies' Auxiliary

I ain't a knockin on our women  
i love them as much as you  
but womens mighty funny  
and we all know that is true  
riding on the subway or walking on the street  
these things our women wear for hats have really got me beat

Some wind around like serpents  
some look like ice-cream cones  
some like flower gardens that blossom on their domes  
some like grocery baskets some look like rat traps  
and you cant tell if their going out or just a' comin back  
one may have a feather ten feet in the sky  
fifteen yards o' fishin net that falls down in her eyes  
we love our women tenderly an weakness we all got that  
but you could sell a woman anything if you tell her its a hat

Oh, the Ladies' Auxiliary  
It's a good auxiliary  
The best auxiliary  
That you ever did see  
If you need an auxiliary  
See the Ladies' Auxiliary  
It's the Ladies' Auxiliary
