

Woody Guthrie, New York Town

I was standing down New York town one day
I was standing down in New York town one day
I was standing down in that New York town one day
Just singing "Hey hey hey hey";

I was broke and I didn't have a dime
I was broke and I didn't have a lousy dime
I was broke and I didn't have a dime
Every good man gets a little hard luck some time

Every good man gets a little hard luck some time
Every good man gets a little hard luck some time
Every good man gets a little hard luck some time
When he's down and out and ain't got a lousy dime

What you do woman, that sure don't worry me
What you do woman, Lord, that sure don't worry me
What you do woman, that sure don't worry me
I got more women than the Civil War set free

And I can get more women than a passenger train can haul
I can get more women than a passenger train can haul
I can get more women than a passenger train can haul
Just singing "Hey hey hey hey";

I'm gonna ride that new morning railroad
I'm gonna ride that new morning train
I'm gonna ride that new morning train
And I ain't a-comin' back to this man's town again

I ain't a-comin' back to this man's town again
No I ain't-a comin' back to this man's town again
I ain't comin' back to this man's town again
Just singing "Hey, hey hey hey";

Singing "Hey hey hey hey";
Just singing "Hey hey hey hey hey";
Singing "Hey hey hey hey hey";
Just singing "Hey hey hey hey";
