

# World On Edge, Keep On Talking

Well the day was so long  
There's no way to win  
I know that when I get home  
It'll start up again  
I come home ready to drop, but she doesn't care  
(chorus)  
She keeps on talkin'  
I can't get no sleep  
She keeps on talkin'  
On and on and on and on and on  
She keeps on talkin'  
Oh, at such a speed  
She keeps on talkin'  
And I wonder how she breathes  
And while she's talkin'  
I can't get no sleep  
She keeps on talkin'  
On and on and on and on and on  
She's always talkin'  
Oh, at such a speed  
She keeps on talkin'  
On and on and on and on and on  
She says I don't care  
But how would she know  
Cause when I call her up  
To tell her I miss her so  
She says,  
No, you're not the one, cause I should know  
That's not your voice, so leave me alone  
(chorus)  
And now she's fallen asleep  
The silence sighs with relief  
But now she's started to dream  
She started talkin'  
(chorus)
