

World On Edge, Still Beating

I can't believe a single word
Why can't all these spoken dreams come true
I can't believe you hesitate
Do you remember, what happens
when you break my heart

(chorus)

Still beating that's what I would say
Although it seems to be another rainy day
Still beating and that's how it should be
You know it's hard to breathe
When life's crushing down on me
How can you say that I do wrong
If everything I have I give to you
Ooh baby, prove your love is strong
I've got to tell you, what happens
when you break my heart

(chorus)

You took me to the border
You turned my life around
But things turn out the same everyday
But I'm down on my knees
I'm just here to pray
I'll take the years just fighting with tears,
fighting with tears

(chorus)
