

World Wrestling Entertainment, Don't You Wish You

I see the way you look at me
You envy me and it's killing you, eating you alive
And you know it makes me smile when I look in the mirror
Thinkin' how good it is to be king

And don't you wish you were me?
King of all you see
Don't you wish you were me?
It ain't that easy
Don't think you'll ever be,
Everything a man should be
Cause Don't you wish you were me?
Keep dreamin' you'll never be me

Too soon, you'll be a memory
Just illusion, there for all to see (forever)
And sometimes it makes me laugh when
I see your reaction
Knowing that I've become mighty

CHORUS

Inside my mind there is a freak
That drives me on past all defeat
You'll never have, you can't instill
The power of my iron will
