

# Worlds Apart, Back To Where We Started

Something is missing  
I can tell by your eyes  
Little by little  
Our love has dried  
Lets talk it over  
Forgive and forget  
We still got a whole lot  
Of tenderness left  
I want to feel what we once had  
Be the way it used to be  
All over again  
Chorus  
I want to get back  
Back to where we started  
Back to when our love was strong  
I want to get back  
Back to where we started  
Back to where we both belong  
Back to where we started from  
Whatever it takes  
Then that's what I'll do  
'Cause baby I'm scared of  
Losing you  
I'll be your brother  
Your lover, your friend  
But I don't want to ever  
Be lonely again  
I want to feel what we once had  
Be the way it used to be  
All over again  
Chorus  
Now we've come so far  
Let's give it a second chance  
Now we've come so far  
Don't let it slip through our hands  
'Cause I know we've still got so  
much left to give
