

# Worlds Apart, Sweet Joy

Sometimes small things  
Can change the way you feel about life  
And it's all so different now  
You make it so clear  
Whenever you're near  
I've opened my eyes  
Seen the dawn in a deep blue sky  
We could fly we could try  
To be something special girl  
Something beautiful

Refrain:

Sweet joy

I like it sweet joy you bring  
Don't change it one single thing  
You are my world girl  
Hoping that you feel the same way  
Baby you're my reason for living  
Right here in my heart  
I'll make a new start  
I'm changing my live  
Like the sun on a mountain far away  
We could talk to the angels  
We could sing  
We could do anything

Refrain

I've opened my eyes  
Seen a deep blue sky  
We could fly we could try  
To be something special girl  
Something beautiful  
Refrain
