

Wumpscut, Believe In Me

This is the entire history of a broken life
They told you were a lying child
Didn't they?
Did they lie?
Yes they did
Did they try?
Yes they did
You slugged me once
And I didn't slug you back
Did they lie?
Yes they did
Did they try?
Yes they did
So my friend
Leave all behind
Come with me
And you will find
So my friend
Leave all behind
Come with me
And you will find
Cause I will show you
How to die
And I am the devil
