

# Wumpscut, Schwarzer Tod

Weck das Feuer in mir  
Weck das Feuer in mir  
Weck das Feuer in mir  
Du weckst das Feuer in mir

Brenn

Schwarzer tod  
Komm und lieb mich schwarzer tod  
Umarm mich schwarzer tod  
Vor deiner Fratze hab ich keine Angst

Black death come to love me  
Black death caress me  
Black death lick my pale skin  
Black death I'm not scared

Make my body burn  
You make my body burn

Burn

English translation

Awaken the fire in me  
Awaken the fire in me  
Awaken the fire in me  
You awaken the fire in me

Burn

Black death  
Come and love me black death  
Embrace me black death  
I'm not afraid of your grotesque face

Black death come to love me  
Black death caress me  
Black death lick my pale skin  
Black death I'm not scared

Make my body burn  
You make my body burn

Burn
