

# Wyclef Jean, Borrowed Time

falling from space  
sometime I feel out of place  
words we can't take back  
if I could I would erase

do whatever it takes  
typo show you I appreciate  
before the angels tell me  
that it's too late

hundred guns and ..  
it's bad for love  
stay on the side  
as she within go down  
when the scene as than

when she open a door  
let's me in

we're Borrowed Time  
we can't waste  
no time  
These are days for our life
