

Wynn Stewart, I'll Die Tryin'

The job that stands before me won't be easy
May not live to see the day you love me too
But I'll die tryin' cause all I live for is you

Competition's always great that's what they tell me
And I know that every word of this is true
But I'll die tryin' cause all I live for is you

I'm gettin' tired of playin' ring-around-a-rosie
But I won't give up like you want me to do
Oh this heart inside of me can't last forever
Cause it fights the battle that is sure to lose
But I'll die tryin' cause all I live for is you

(steel)

I'm gettin' tired of playin'...

Yes I'll die tryin' cause all that I live for is you
