

# Wynn Stewart, I'm Beginning To Believe

I'm beginning to believe you're in love  
When looking in your eyes I see me  
I'm beginning to believe I'm in love  
In love with you is where I wanna be

I get such a happy feeling whenever I'm with you  
You fill the emptiness inside of me that I once knew  
I'm beginning to believe we're in love  
When looking in your eyes I see me

I'm beginning to believe you're in love...  
I get such a happy feeling...
