

# Wynn Stewart, Let Me Be The First To Go

Lord I've never asked for any favors  
And I'm not too deserving yes I know  
But when it's parting time for me and baby  
Please let me be the first to go

Don't take the heart out of our family  
Me and the kids would miss her so  
I wouldn't want to live one day without her  
So let me be the first to go

This happy home we share is her creation  
It's warm and cheerful from her happy glow  
She has so much more to give than I do  
So let me be the first to go

Don't take the heart out of our family...
