

Wynn Stewart, School Bus Love Affair

Every school day morning I can hardly wait
To meet my baby along by eight
She's waitin' on the school bus school bus affair
I'm first in line to get on the bus
She's got the seats hey just for us
And that's where we start our school bus affair

Now when the school bell rings we walk through the door
That's one thing that makes me sore
Cause I don't see my baby no more
It's almost quarter to four

Oh the school bus school bus takin' us home
I'm so happy though we're not alone
I'm satisfied with a school bus love affair
(guitar)
I wanna do more than hold her hand
Cause she says I gotta understand
It ain't right to kiss in a crowd
And making love just ain't around

Oh the school bus school bus takin' us home...
