

Wynn Stewart, This Cold War With You

The sun goes down and leaves me sad and blue
The iron curtain falls on this cold war with you
Trough you won't speak and I won't speak it's true
We're two stubborn people with this cold war to go through

Now why oh why should love ever come to couples like you and me
Whose cold cold wars will never be won and whose hearts will never be free
Now let's do right or let's just say we're through
I just can't stand another cold cold war with you

Oh why oh why should love ever come...
I just can't stand another cold cold war with you
