

# Wynn Stewart, Who Are You

Who are you who do you think you are  
You've made me love you who are you  
You've told me lies and I believed a few  
How can you hurt me like you do who are you

And why do I keep playing round waiting for your call  
I'd be on a plane and gone if I had any sence at all  
Who are you who do you think you are  
You've made me love you who are you

And why do I keep playing round...  
Who are you
