Wynonna Judd, A Little Bit Of Love (Goes A Long

Got a wishbone in my pocket and money to burn I ain't got no worries ain't got no concerns The feeling's goin' through me from my fingers to my toes 'Cause my baby loves me he let's ev'ry body know A little bit of love Goes a long, long way A little bit of love Gets you through the day, yeah A little bit of love Makes you feel alright Gets you through the night Now let me tell you, my heart's so busy jumpin' that it skips a beat Got me runnin' round in circles, dancin' in the street Now, you might think I'm crazy, I don't care I'm a girl about the town and I'm walking on air [Repeat Chorus] You got me shakin' down to my knees Baby don't you stop, I'm beggin' please, please, please [repeat chorus]
