

# Wynonna Judd, Troubled Heart & A Troubled Mind

(chorus)

A troubled heart and a troubled mind  
Is all I'm gonna leave behind  
I'm movin' on down the line  
Don't shout me down I'm doin' fine  
You've been hard and heavy on my soul  
Gotta lighten the load and let you go  
Life's too short, ain't got the time  
For a troubled heart and a troubled mind

Got a v-8 ford slung low to the ground  
Got a highway leading me outta town

A road map open to the promised land  
I've taken just about as much as I can stand

(repeat chorus)

(bridge)

Windshield wiper slappin' off the rain  
Bright lights shinin' on the passin' lane  
One more mile, one less tear  
So long daddy I'm outta here

(repeat chorus)
