

# Wynonna Judd, Who Am I Trying To Fool

I can tell myself I'm in control  
I can live this life without you  
But you know it's just a lie  
You know it's just my pride  
I can tell myself I'm broken down  
One too many times  
But then I start to cry  
Don't want to live this life without you  
[Chorus]  
Who am I tryin' to fool  
Why must I walk away so strong  
When I feel so weak  
Who am I tryin' to fool  
Everybody knows I still love you  
I can tell myself there's someone else  
Out there tryin' to find me  
But it doesn't make much sense  
When I've already found you  
[Repeat Chorus]  
Only you, I love only you  
Only you, ooh  
I can tell myself I've had enough  
I can't do this anymore  
But what about my heart, what about my heart  
I can't forget it still belongs to you  
[Repeat Chorus]  
Who am I tryin' to fool  
Who am I tryin' to fool  
Everybody knows I still love you
