

# X Japan, Standing sex

Lucy in the sky  
I'm whisky frisky  
Lady Jane, Marry Jane  
Drive me rocked out  
No pain, No delight  
Get me dry high  
Number 24  
I need X  
Stand up! Fuck up!  
Show no mercy Like a lunacy  
Kick off! Fuck off!  
I'm getting in the count down  
Marry Marry Kiss me Marry  
Why do you have to be ripe?  
Give me Give me Give me rainy dreams  
'Til they kill me away (Lights up)  
Slash Slash Let me slash  
Boredom Tasteless life  
Get me Get me Get me out of the world  
'cause I'm crying for rainy roses  
Lucy in the sky  
Get you up right  
Crime of visual shock  
You are X  
Stand up! Fuck up!  
Show no mercy Like my jealousy  
Kick off! Fuck off!  
I'm getting in the count down  
Marry Marry Kiss me hurry  
Why do you have to be ripe?  
Give me Give me Give me rainy dreams  
'Til they kill me away (lights up)  
Marry Marry Kill me Marry  
Can't you set me free  
Lady Lady Are you ready to go?  
Why do you have to be laying down?
