

X-men Evolution Girl Power, I'm only a girl

I'm just your sweet next-door neighbor
I do what I'm told
And I never cause any trouble
I'm so much more than meets the eye
But there's something that I keep hidden deep inside!

R:

Don't mess with my kind
Don't play with my mind
I'm only a girl
But I can move the world
Don't put me down
Or kick me to the ground
I'll be up in a flash
My superhuman blast
I may be out to have a little bit of fun
I've got a life of my own and it's just begun
I've got powers that you can't deny
Treat me wrong, and I'm gone
In the blink of an eye!
Ohhh..
