Digging for gold  
i wanna hold the sunshine  
in my hand  
right in my hand  
go my way  
please donr stay in bed  
it is hard to get  
up in the morning  
when the rain falls  
you see the  
morning light  
and when the sun shines bright  
after a long dark night  
the day will be alright - you know  
digging for gold  
i wanna hold the sunshine  
in my hand  
right in my hand  
go my way  
please dont go away  
and cover me  
get to the point, every morning  
every evening, every night  
and when the sun shines bright  
after a long dark night  
the day will be alright - you know
