

# X-PERIENCE, Say goodbye

I wake up  
nearly half past eight  
you aint home its much to late  
something strange has happen here to me  
i feel sad when you feel free  
i say good bye  
say good bye  
tell me why  
you treat me like a queen  
if i loose my self esteem  
tell my why  
you cant be good to me  
i never felt so free  
you are a stranger  
i am in danger  
when i guess your love is true  
ill get back to you  
say good bye, say good bye
