

# X-PERIENCE, We are what we are

I want to play a melody  
I want to sing a song  
Come sing it with me  
A sweet melody  
We want to shout it out  
That we are going to be free  
Come sing it with me  
Were going to be free  
Open your eyes  
And you will realize  
We are what we are  
Were going to fight  
To fight for our right  
We are what we are  
We want to feel like beeing free  
Free as a bird can be  
Its only a dream  
But dreams can come true  
We want to leave the bad times  
We leave everything behind  
We leave everything behind  
And we sing
