

# Xandria, Some Like It Cold

Glamorous stars darken the day  
The shadows of night lighten their way  
The wisdom of fools is not easy to learn  
So go one step ahead and two in return

I am the sense in all of your tears  
I am the reason of all of your fears

I am praised for my sadness  
I am praised for my faults  
I am praised for my madness  
Cause some like it hot  
And some like it cold

Evening calls the sunset to rise  
I am a liar so take my advice  
The wheel of fortune always goes round  
Whatever goes up must always come down
