

# Xiu Xiu, Baby Captain

Black phoebe  
theres a candle in my window  
black phoebe  
its all inside of you  
black phoebe  
theres a candle in my window

baby captain  
i hope those teary eyes  
are only from x  
and i hope they  
dont dry  
when your biking photos  
set you free  
and you see  
what a stunner you are

get me a captain  
i hope that white gold girl  
forgets about you  
your crooked blood  
seeps up from hell  
and you see  
what a stunner you are
