Xiu Xiu, Devendra Banhart - Support Our Troops,

Did you know you were going to shoot off the top of a four year old girl's head And look across her car-seat down into her skull And see into her throat and did you know that her dad would say to you, "Please sir, can I take her body home?" Oh wait, you totally did know... that that would happen Cause you're a jock who was too stupid and too greedy And too unmotivated to do anything else but still be The biggest and still do what other people tell you to do You did it to still be a winner

You shot your grenade launcher into peoples' windows and Into the doors of peoples' houses but you wanted to shoot it into someone just to watch them blow up why should I care if you get killed?
