

Xscape, Who's That Man?

[Chorus:]

Know, don't you wanna know, don't you wanna know,
Know, who's that man?

[Repeat]

[Verse One (Kandi):]

He's got a different little style than other men today,
He does his thing with a swing.

And everything you see him do is in a different way,
You never ever seen before.

[Bridge (LaTocha):]

He's not your ordinary slick uptown type of brother,
Don't think twice 'cause you'll never find another.

Because the man behind the mask,
You've never ever seen him before.

[Repeat Chorus]

[Verse Two:]

[All]

He's got the flava to do his his thang,
He's got something everybody wish they had,

[Kandi]

And something tells me you don't wanna make him mad,
No you don't, no you don't, no you don't.

[Repeat Bridge and Chorus]

[Repeat Chorus]

[Repeat Verse One, Bridge and Chorus]

[Repeat Chorus to fade]
