

# Xscape, Your My Lil Secret

See, baby your my lil secret (secret, secret)  
if you dont tell, I wont tell  
and that's how we gotta keep it (x2)

Did anybody see ya, commin to my house last night  
When I got your message in my beeper  
that you wanna do everything I like, alright alright

I like bein' in the same room with you and your girlfriend  
that fact that she dont know, it really turns me on  
she'll never guess in a million years, that we got this thing going on

Chorus: You're my little secret, and thats how we should keep it  
it's on everybody's mind, about you and I  
they think so, but they dont really know or wanna know  
You're my little secret and thats how we should keep it  
we should never let 'em know, never let it show  
If you know like I know, we should never let it go

If anybody knew that, it was you and your house  
that I was creepin to all the time  
We'd probably still do it cuz im finding it's hard to keep you off of my mind baby

I like bein' in the same room with you and your girlfriend  
that fact that she dont know, it really turns me on  
she'll never guess in a million years, that we got this thing going on

Chorus

Everybody cheats, but you gotta know how  
you gotta know when, you gotta know why  
my infatuation with you  
is taking me on an emotional high  
I'm all caught up in this affair baby  
Speculation will bring us stares  
all my friends are askin' me about it  
Still the truth I can't reveal

Chorus

As long as im rigght here, You are never gonna be by yourself  
cuz the love that we share, it stays on my mind  
Your always gonna be a little secret of mine (X2)

You're my little secret, and thats how we should keep it  
it's on everybody's mind, about you and I  
they think so, but they don't really know or wanna know  
You're my little secret and thats how we should keep it  
we should never let 'em know, never let it show  
If you know like I know, we should never let it go
