

XTC, My Train Is Coming

My train is coming
I can see it up the line
My train is coming
And what's on it's all mine
My train is coming
I can hear it up the track
My train is coming
Bringing sugar time back
Oh little darling
Since you've gone I've been so sad and blue
Little darling
If you come home I'll be good to you
Got to get it while it's here
That's a lesson that is clear
Got to get it while it's here
And I hear
My train is coming
I can see it up the line
My train is coming
And what's on it's all mine
Little darling
Since you've gone I realized I'm wrong
Little darling
Ride that railroad back where you belong
Got to get it while it's here...
My train is coming
I can see it up the line
My train is coming
And it's right back on time
My train is coming
What I did is a crime
My train is coming
And what's on it's all mine
