

Xymox, It's Your Life

I know what you can do
Your reputation is ahead of you
Your lies won't let me go
But really, I don't want to know
You've got all what it takes
To show loves double face
My heart breaks, my heart aches

I am breathing in your sweet scent

It's your life
It's your time
It's alright
I don't mind

The best things in life are free
Sometimes it is killing me
You take the loss and the gain
You run away, all the same
Why losing drift in a heavy fall?
You speed away back to it all

It's your life
It's your time
It's alright
I don't mind
