

# Xymox, Obsession

We sit in your room  
So dark and strange  
With yellow candles  
Burning straight  
Outside it rains  
So silver and bright  
A glaring light  
Crashed into the sky

It's just the way it should be  
It's so right as rain  
It's just the way it should be  
It's so right as rain  
We stayed awake at night  
With vision so unreal  
We stayed awake at night  
With visions so ideal  
It's got a hold on me  
It's got a hold on me

Smiles and voices suddenly changed  
Eyes and shadows on a distance too short

Is there someone who I know ?  
Is there someone at all ?  
Is there someone who I know ?  
Is there someone I called ?

It's just the way it should be  
It's so right as rain  
It's just the way it should be  
It's so right as rain  
We stayed awake at night  
With vision so unreal  
We stayed awake at night  
With visions so ideal

So when the rain comes running in your eyes  
And the wind shakes the forest leaves  
We stayed awake at night  
With visions so unreal  
We stayed awake at night  
With visions so ideal

It's got a hold on me
