

# Xzibit, Don't Approach Me

(feat. Eminem)

[X] Pssh, man I need a lighter man  
[E] Right here  
[X] Yeahhh.. whassup Slim?  
[E] What's crackin?  
[X] Hit this shit  
[E] Ssshhit I almost hit this motherfucker today  
[X] Psh, is that right?  
[E] What is it with motherfuckers thinkin that..  
[E] {\*SIGH\*} because we're in the spotlight or whatever that..  
[E] they can do or say whatever they want to us  
[E] and that we won't retaliate  
[X] Protect my motherfuckin self, by ANY  
[both] MEANS, NECESSARY  
[E] Right?

[Chorus 2X: Eminem]

Cause you don't know me, I don't know you  
So don't approach me, I won't approach you  
And don't insult me, I won't insult you  
Cause you don't know what I will or I won't do

[Xzibit]

Make no mistake, I'm the Golden State heavyweight  
Bein underrated gave me time to create it  
Can you relate? I renovate, straight out the gate  
Carried my weight, but seem to receive nothin but hate  
Millionaires snatchin crumbs off my little son plate  
Kidnapped, locked in a trunk, get shot in the face  
No hoes, no clothes, no one showin up for my shows  
You know how it goes; I might as well kick it at home  
But my baby momma hate my guts and can't stand me (yeah)  
Packed up, moved out, started a new family  
So all this strugglin for what, so I can blow up  
marry a slut but can't watch my seed grow up?  
FUCK THAT, this the fuckin thanks I get  
for tryin to edutain assholes and feed my bitch  
Yo I feel like my whole life is upside down (upside down)  
cause you seein more support than I'm seein my child  
It's like..

[Eminem]

.. everyday I wake up, another drama  
It's a wonder I'm alive, survivin this karma  
If I can hold on to my private life for five minutes longer  
I might get my wife to let go of this knife and just calm her  
without these cameras in our faces like animals  
for your Channel 2 Action News to follow our ambulance up the avenue  
and catch a glimpse of all the suicide attempts  
and what we do in private since they won't let us put up a fence  
And you wonder why I carry every gun under the sun  
whether it's unloaded full or an un-registered one  
No bullet, you're so full of shit  
this clip is so full it'll spit if I don't pull it  
And don't give me no bullshit I'm not in the mood  
I just got in a feud in some parkin lot with a dude  
over Kim and she just slit both of her wrists over the shit  
Don't tell me bout the show business shit  
I know what this is, bitch

[Chorus]

[Xzibit]

This ain't business, this is personal BITCH  
You don't know Xzibit from shit, new school, class dismissed  
I had a very FUCKED UP day, I'm needin this fit  
Shuttin motherfuckers up like they pleadin the 5th  
Yo Em it's time to get serious with it (yeah)  
Time for everybody to feel it, similar to the egg in the skillet  
This is your brain on drugs, Xzibit brain on thugs  
Ain't no neighborhood that's big enough to bang on us  
Ain't no love lost my niggaz, relax yo'self  
I'm about to snatch it all and start spreadin the wealth  
To my niggaz who never seen it I mean it when I holla  
at the top of my lungs about my guns and my loved ones  
Got, tons of ammo to crack your enamel  
Changin your channel, you played like a fuckin piano  
Ridin slow through Cali like I'm ridin a camel  
Millionaire motherfuckers with their brains in their flannels  
I feel like, Tony Soprano, who do I trust now?  
Just hit me on my tele' nigga soon as I touch down  
Spit lines to split spines just to get mine  
Big behind bitches gettin dick to spit shine  
Sniff lines of coke, that's the only shit that make you dope  
Bitch-ass nigga that's droppin the soap  
Get choked out and beat, put your head in a vise-grip  
and turn til you motherfuckers tell me the right shit

[Eminem]

So do I gotta buy a whole block to myself  
a front door with twelve locks  
and have a bodyguard walk me out to my mailbox  
and everytime somebody makes a threat, run and tell cops?  
Fuck that, I protect myself with these twelve shots  
and one in the chamber, gun in the waist  
and one in the ankle, waitin for someone to come to my place  
tryin to walk up and knock like these cocksuckers are not  
gonna get a shotgun or a glock shoved in their face?  
And it's a disgrace Hailey can't play with her toys  
in the front yard without you drivin by honkin your horn  
screamin some shit, leanin out your windows, beepin n shit  
Or pullin up in my drive like I won't leap in your whip  
And so these kids tell their friends and relatives where I live  
so my address ends up on the internet again  
So then, I do an interview with Spin, tellin them  
that if someone comes to my crib, I'ma shove a gun in their ribs  
And reporters, blow it out of proportion  
&quot;Oh, now he's pullin guns on his fans  
just for tryin to stand on his porch&quot;  
And I'm the bad guy, cause I don't answer my door like &quot;Hey hi!  
You guys wants some autographs? Okay, form a straight line!&quot;  
Sometimes I feel like loadin this rifle  
and climbin the roof at night and hidin outside to snipe you  
It's not that I don't like you..  
.. it's just that I'm not behind the mic  
I'm a person who's just like you
