

# Xzibit, Front 2 Back

[Xzibit - repeat 3X]

Oh no, let's get drunk and fuck fo' sho'  
Please stop runnin yo' mouth let's go  
Actin like you've never seen a dick befo'  
All these bitches in here

[Xzibit]

Will the real X to the Z please stand up?  
With my niggaz and my guns, not givin a fuck  
Stickin 'em up at point blank range  
They say the more things change, they stayin the same  
I can't complain  
Type of shit that make you wish you was dead  
Make you bite the curb, a stomp down on the back of your head  
Blow it out like a afro pick  
Attract bitches like flies to shit  
Pop pills and ride the dick  
Niggaz can't swing this quick, I'm Dark McGwire  
Bangin shit over the fence with Rottweiler  
Listen, niggaz do anything for a dollar, even  
killin they own, let it be known, it's like

[Chorus - repeat 2X]

It ain't safe where I'm from  
Niggaz start beef never knowin the outcome  
Rather be caught with it than caught without one  
Leave it alone because the life that you save might be your own

[Xzibit]

I'm pullin pistols if you don't break bread  
Mr. Wrong Side of the Bed, only get excited for head  
Now print this in your industry books  
If it wasn't for crooks you niggaz'd still sport the Jordache look  
Hit the switch, front to back, side to side  
Natural born killers never let shit slide  
Never rely on the next man to swing for you  
A rock and a hard place, duck between the two  
And y'all bitches just somethin to do, don't get it twisted  
You're easy like Sunday mornin and shopliftin  
It go simple as that, I'm never givin half to a rat  
I'd rather bam to your face with a bat  
You get tied down to the tracks  
Used to make a living cookin coke to crack, now I can't turn back  
This is holocaust rap nigga, overreact  
and I'ma bring to yo' chest like an asthma attack, ya heard?

[Chorus 1/2]

[Xzibit - repeat 2X]

Oh no, X get drunk and fuck fo' sho'  
Please stop runnin yo' mouth let's go  
Actin like you've never seen a dick befo'  
All these bitches in here
