

# Xzibit, The Mad In The Game

The Mad in the Game  
(Madden 2001 Theme)

Hahhhh! Yeah!

Ladies and gentlemen, yeah! 2001!

-1-

Look I'm better than you and I can prove it

Set up your best defense I run through it

Check out the play by play with John Madden

Xzibit and EA Sports we come smashin'

Yeah! Its all in the game

Let me explain, bringing the fame

You can set it off in the rain, set it off in the snow

Forth down and one to go

Run your own franchise boilin' with team echo

I'm here for one thing to smash the other team

Breaking you down, everything you pass is out of bounds and incomplete

???? unlimited athletes making you stumble and fumble

Your offense in deep trouble

Yeah!

-Chorus-

In that field, feel the power! (Yeah, yeah!)

Only thing you hittin' is the ground in the showers (Uhhh)

Playbook full of technique I'm playing for keeps (Yeah)

Mouthpiece, put on your pads and tighten your clets (Ahhhhhhhhha!)

In that field, feel the power! (Yeah)

Only thing you hittin' is the ground in the showers (Uhhh)

Playbook full of technique I'm playing for keeps

Mouthpiece, put on your pads and tighten your clets (Yeah)

-2-

Check the stats the numbers don't lie

Your quarterback throw lame ducks that don't fly

22 players with a passion to play

Top of Madden football at home always

Brought to you live by EA Sports

Try to rush for the first down but still fell short (Yeah!)

You hear the support from thousands of fans (\*crowd cheering\*)

Up in the stands pushin' off Superbowl plans

You will contact EA Sports you realize the facts (Yeah)

You might have kicked it off or caught the ball and ran it back

Welcome to the dog house you getting blown out

After the game you see the Madden bus rollin' out

(\*Bus driving by\*) Yeah!

-Chorus-

In that field, feel the power! (Yeah!)

Only thing you hittin' is the ground in the showers (cmon)

Playbook full of technique I'm playing for keeps

Mouthpiece, put on your pads and tighten your clets (Ahhhhhhhhha!)

In that field, feel the power! (Uhhh)

Only thing you hittin' is the ground in the showers (Yeah)

Playbook full of technique I'm playing for keeps

Mouthpiece, put on your pads and tighten your clets

Yeah!
