

Yam, My house

Oh

why did it have to happen?

how did it happen?

when did it all start

now my house

oh my house

is gone

Chorus

what, what happened to my house?

when, oh when did it all start?

who, who did that to my house?

my house, my house, my house

when i first bought my house

it was said to be indestructable

now my house is no more in my life

now my house

oh my house

is gone

chorus

i really truly miss it

my really truly wonderful

little house

now my house

oh my house

is gone

why, oh why did my house go up in smoke

smoke

i cried, i cried till i did nothing but choke

choke

my love, my love for it is real

real

the one, the one that did it i must kill

must kill

must kill

cos my house

is up

in smoke
