

# Yann Tiersen, Dragon Fly

On the day that we met  
I awoke from a total sleep  
You said  
Keep your eyes open wide  
And keep your arms open wide  
You brought me courage  
You bring me courage  
To keep my eyes open wide  
And keep my arms open wide  
You brought me courage

You show  
A kind of delight  
Dancing 'round  
Like a dragonfly  
Like a coverlet in the summer's air  
In the summer's air  
In the summer's air

On the day that we met  
I awoke from a total sleep  
You said  
Keep your eyes open wide  
And keep your arms open wide  
You brought me courage  
You bring me courage  
To bring my eyes open wide  
To keep my arms open wide  
You bring me courage

You wrap your curve of delight  
Round my cold cold neck  
You're a coverlet  
In the summer's air  
In the summer's air  
In the summer's air
