

Years & Years, Starstruck

I can't hel pit
I get starstruck around you

I feel liek all these people in this room
Don't shine like you
If i could bottleyou up
I would sip ya
Like cosmic juice

So give me that good love
Good love all night
Don't need your cash
I got my own to spend it on ya
If i feel like
If you wanna dance baby
Let's dance
We can dream until the sun rise

I can't hel pit
I get starstruck around you
What can i do, baby
I can't hel pit
I get starstruck around you
What can i do, baby

There ain't no reason why
I can't speak, think or stop
Staring at your glow
Iwanna tell you everything
That's on my mind baby
Even i choke,

So give me that good love
Good love all night
Don't need your cash
I got my own to spend it on ya
If i feel like
If you wanna dance baby
Let's dance
We can dream until the sun rise

I can't hel pit
I get starstruck around you
What can i do, baby
I can't hel pit
I get starstruck around you
What can i do, baby

I am not giving, not giving you up
I am not giving, not giving you up
I am not giving, not giving you up
I am not giving, not giving you up, no!

I can't hel pit
I get starstruck around you
What can i do, baby

Starstruck, not giving you up
Starstruck, not giving you up

I can't hel pit
I get starstruck around you
What can i do, baby
I can't hel pit

I get starstruck around you
What can i do, baby

I am not giving, not giving you up
I am not giving, not giving you up
I am not giving, not giving you up
I am not giving, not giving you up, no!

I can't hel pit
I get starstruck around you
What can i do, baby
