

YehMe2, Dog Eat Dog (feat. Duke Deuce)

Ridin down your street with two heaters and a freak
Hoes say I'm a dog, I'm a dog off the leash
They say I need the vic but these hoes don't want to fleet
It's a dog eat dog world every dog must eat

Ridin down your street with two heaters and a freak
Hoes say I'm a dog, I'm a dog off the leash
They say I need the vic but these hoes don't want to fleet
It's a dog eat dog world every dog must eat

You say shes a hoe, every hoe must eat
I can't fuck if you aint a dime, if you aint a dime have a seat
Take a close look at my diamonds, you know they they ain't cheap
Bro we both know you be lyin, your shoes from the feet
Slower than a Churchill, I'm geekin like Urkel
Hope I'm not the purp, but I hope this hoe aint Virgil
How you in the lead, but your trippin on my hurdle
Haters coming off but they squirming in your circle
He she they can't fuck with me but you thinkin
Can't she, she gonna make me skeet without blinking
Man he, he got all the keys without singing
Yeah she, popped another bean now she's singing

Ridin down your street with two heaters and a freak
Hoes say I'm a dog, I'm a dog off the leash
They say I need the vic but these hoes don't want to fleet
It's a dog eat dog world every dog must eat

Ridin down your street with two heaters and a freak
Hoes say I'm a dog, I'm a dog off the leash
They say I need the vic but these hoes don't want to fleet
It's a dog eat dog world every dog must eat

Toss up, heavy with the ammunition, now can we off some
Every nigga around me eating, you know I talk some
All this shit in my mansion, you know it cost some
You might get lost huh
Duke Deuce goin' fire on the beat
Hottest in the city so you know it's on repeat
Noticed you a pup so don't speak
It's a dog eat dog world so you know I'm off the leash

Ridin down your street with two heaters and a freak
Hoes say I'm a dog, I'm a dog off the leash
They say I need the vic but these hoes don't want to fleet
It's a dog eat dog world every dog must eat

Ridin down your street
Ridin down your street with two heaters and a freak
Ridin down your street
It's a dog eat dog world every dog must eat ruff
