

# Yewolf & Shooter Jennings, Rock & Roll Baby

Ruby red lipstick kiss on the head  
Sweat a lot of sleep it's a wet bed  
Matchbook collection beside the chair  
(Troublesome)  
Boy you know daddy only sits there  
Leather bound bible in the hotel  
(Midnight)  
I'll be back in an hour she said  
(Alright)  
Count the ceiling fan blade goin round  
(3,2,1)  
Lullaby Tom Petty I'm goin down, goin down

Oooh, rock and roll baby  
Underwater in a deep dream  
Rocketship go to the moon  
In the party with the lights on

She got a couple friends out there  
Got a man with the long hair  
She'll be heart broke by the sunlight  
And give it all to the rock and roll baby  
She got a couple friends out there (oooh, rockin' roll baby)  
Got a man with the long hair  
She'll be heart broke by the sunlight and give it all to the rock and roll baby

Razor blade, mirror and a wedding gown  
(Fantasy)  
Somewhere in the backwoods outta town  
Bottle cap tops in the gutter now  
(Till the mud dries)  
Said I'd be back in an hour now  
Hitch hike your way up to the Northside  
(Catch a ride)  
Kept the Visine for the red eye  
Time to fly, time to fly

She got a couple friends out there  
Got a man with the long hair  
She'll be heart broke by the sunlight  
And give it all to the rock and roll baby

Rock and roll baby
