

Yello, Rubberbandman

Shoot, bang, no rhyme [should I know why]
I'm in love with you
Shoot back, just a fight [should I justify]
Out of the blue
I'm the rubberbandman with the rubberman touch
Out of the blue, love is such
Rubberband man with the rubberband pack
You're the one, you'll get me back on track

Shoot, bang, no rhyme [should I know why]
I'm in love with you
Shoot back, just a fight [should I justify]
Out of the blue

Everybody told me what they shouldn't do
I haven't got the problem
Haven't got the clue
I'm doing what I'm feeling and I'm doing fine
The rubberbandman, I don't mind

Shoot, bang, no rhyme [should I know why]
I'm in love with you
Shoot back, just a fight [should I justify]
Out of the blue

I got the rubberband dance
It's chewin' the fat
Cause I'm the rubberbandman
Out of the can
Hoping when I see you I'm back on by
The rubberbandman doin' fine

Shoot, bang, no rhyme [should I know why]
I'm in love with you
Shoot back, just a fight [should I justify]
Out of the blue
The filthy woman tells me what I shouldn't do
I'm jumping in my can, out of the blue
I haven't got the problem living in the can
I'm doing alright, I'm the rubberbandman
