

# Yellow Tricycle, Is It Ok?

Is it ok baby

Is it what you wanted to wipe your hurt away

Take your make-up off

For a minute

Will you show me who you are

Will you

Don't be scared of me babe show me who you are

I will keep the cold away so don't close yourself down

It's ok so don't close yourself down

It's ok baby

Questions in your eyes

Tell me more than tears

In this barren land

I'm holding on to you
